Carolina.)	

This matter comes before the Public Service Commission of South Carolina (the Commission) on a request for the waiver of certain items related to the Application of J.C. Cox Utilities, Inc. (J.C. Cox or the Company) for approval of a new schedule of rates and charges for sewerage services to its customers in Anderson County, South Carolina. The Company requests temporary waivers from the requirements of filing with the Application (1) the Company's updated performance bond, (2) the required letter from the South Carolina Department of Health and Environmental Control, and (3) a bill form, all of which are normally required for acceptance of an Application for a rate increase. See Regulation 103-512.4 (A)(Supp. 2002). The Company states that if the waivers are granted, that it will furnish these items prior to the hearing on the rate matter.

We have examined this matter and hereby grant the requested waivers for the specified items. We do hold, however, that the items must be filed with the Commission, as well as furnished to the Commission Staff, prior to the hearing on this matter.

This Order shall remain in full force and effect until further Order of the Commission.
